Organisation: The Park Community Centre

Message Body:

Please bring the Metro to Dublin south west. We are the forgotten part of Dublin as regards transport. There has been only one new bus here since 1997 and hundreds and hundreds of new houses. The community centre relies on transport for many people including an active age group. Traffic in this area is among the worst in Dublin with hour long delays to get to the M50. Would be delighted to discuss this further.
