Message Body:

I strongly support the proposal to bring a rail link to Knocklyon/Rathfarnham. My bus commute to work can take up to 1.5hrs in the morning unless I leave before 7am. In addition, 4 new estates have been established in this area (Ballycullen/Stocking Ave) in the 2.5 years since I moved here. None of these have made any infrastructure changes to handle the increased traffic. The M50 exit to Knocklyon Southbound is already dangerously busy at rush hour with cars queuing well back onto the M50.

Knocklyon is very poorly serviced in every way, we lack facilities in many key areas. A rail link would be invaluable to the residents of this area.

Regards

Lynda Irwin
