Subject: Maynooth

A Chara,

I wish to make a submission in relation to the draft RSES, with particular focus on Maynooth as a Metropolitan Key Town. While there are lands that could be used for development, it is crucial that

Services are implemented beforehand. I would ask you to consider the following as part of your deliberations:

1. A second interchange off the M4 with a ring road to the University.
2. That the planned ring roads are developed and finalised.
3. That a community centre is developed.
 4. That a full time Garda Station is opened.
 5. That a primary Health care centre is developed in the town.
6. That adequate childcare places are available.
 7. That adequate primary and post primary places are available.

Regards
Mary Molloy
