Subject: Enfield/County development

Enfield lies 20 miles west of Dublin on the M4 motorway and the Sligo railway line. This line is currently a single line which has the capacity to be upgraded to a double line as the bridges were designed for same. Enfield has an excellent bus service from Bus Eireann and several private bus companies.

Enfield has a new Primary school and the Secondary school has been sanctioned. Maynooth University which is one of the fastest growing Universities in Leinster is only 11 miles from Enfield.

As Maynooth University is on our doorstep with young newly qualified workforce Enfield is a prime location for new Multi National Companies as well as local enterprises. This has previously been proven with Intel.

With the excellent transport service available in Enfield commuters have the option to leave their cars at home.
