**Subject:** Extension of transport corridors to South Dublin  
**Date:** 24 March 2019 16:56:36

---

I wish to give my 100% support to the extension of the much needed sustainable transport corridors to Firhouse, Rathfarnham, Ballyboden and Ballinteer areas. These areas have been clogged with traffic over the years. Knocklyon needs this really badly with all the new development going on at the moment and the roads just can't cope with the extra volume of traffic.
